

Standard Slotted AutoPucks

Lifting Pucks

SKU# 5216328
Universal Jack Pad Pucks

UNIVERSAL FIT, PRECISION LIFTING

Universal Slotted AutoPuck™ – Versatile, Durable, and Reliable for Any Lift. AutoPucks deliver unmatched versatility and durability for nearly any vehicle, making them an essential tool for both professional and DIY lifts. The Universal Slotted AutoPuck features a specially designed groove that cradles pinch welds, ensuring stability and preventing damage to delicate undercarriage components. Its universal design allows for easy alignment with standard jacks and stands, enhancing safety and precision during maintenance. Each AutoPuck set is organized in a sleek, compact case, keeping them secure and accessible while helping to maintain an orderly workspace.

RUGGED DESIGN FOR RELIABLE LIFTING

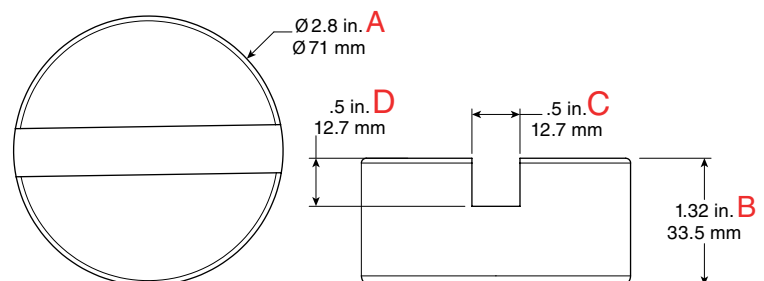

Each AutoPuck is crafted from Hard Rubber 95A Shore, a high-strength material chosen for its resistance to compression and wear. This durable rubber formulation withstands heavy loads and impacts, ensuring consistent performance over repeated lifts. With the Universal AutoPuck, you can trust that your vehicle is protected, and your lifting process is safe.

FEATURES

- Hard Rubber 95A Shore design won't harm the vehicle's metal but is strong enough to support it Enhanced durability
- Universal design
- Fits most jacks and vehicles
